**RE: COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CDBG)
ADMINISTRATION SERVICES**

Dear Ms. Hollinsworth:

Michael Baker International (Michael Baker) is pleased to submit this proposal to administer and implement the City of Hawaiian Gardens' Community Development Block Grant (CDBG) programs. Michael Baker was founded in 1940 and over the past 80 years has evolved into a leading global provider of engineering, planning, and other consulting services. Our firm is able to offer a full complement of housing and community development services to its clients, including CDBG administration, in addition to its extensive engineering, planning, labor standards compliance, and other capabilities.

This proposal is based on the information provided in the City's Request for Proposals (RFP), as well as our familiarity with applicable federal and state regulations and our considerable experience in administering CDBG-funded programs for cities across California, and particularly for cities like Hawaiian Gardens that receive CDBG funds through the Los Angeles County Development Authority (LACDA).

Michael Baker is proposing to provide all services required for the successful administration and implementation of the City's CDBG programs at costs that fall within the activity delivery fees allowed by the LACDA for such services. The project team we have assembled is extremely well qualified to provide these services, having a combined 80+ years of housing and community development experience. Most importantly, our project team members have administered and implemented CDBG programs for numerous California cities and counties, including 12 cities that received their CDBG funds through the LACDA. Our staff is quite familiar with the policies, procedures, and expectations of the LACDA related to the utilization of CDBG funds.

We believe that our proposal is fully responsive to the City's RFP and that the services being offered by Michael Baker will fulfill the City's needs in a comprehensive, well-integrated, and cost-effective manner. This proposal and the price quotations contained herein are firm and irrevocable for one year following consultant selection. The proposal has been signed by our associate vice president, William Hoose, who has the authority to bind the firm to proposals and execute agreements.

We sincerely appreciate the opportunity to submit this proposal and look forward to assisting the City with the administration and implementation of its CDBG programs. If you have any questions regarding this proposal, please contact Micheal Neal at (909) 261-2770 or mneal@mbakerintl.com.

Sincerely,

William Hoose, AICP
Associate Vice President

TECHNICAL PROPOSAL

Firm Profile

Michael Baker International (Michael Baker) is a leading global provider of engineering, planning, and other consulting services. The firm, which is a corporation, was founded in 1940 and provides a comprehensive range of innovative services and solutions to support federal, state, and municipal government agencies and other diverse clients. The firm has more than 3,500 employees in over 90 offices located across the United States and internationally.

In addition to its extensive urban and environmental planning and engineering capabilities, Michael Baker can offer its clients a full array of housing and community development services. The firm's staff is experienced in carrying out a wide range of housing and community development projects using a variety of funding sources, and particularly the federal Community Development Block Grant (CDBG) and CDBG CARES Act (CDBG-CV) programs. Based on our long-term involvement in administering housing and community programs, we have developed a thorough understanding of the program requirements of the funding agencies involved and have established sound practices and standard procedures to maintain a high level of accuracy and productivity. We have assisted numerous Southern California communities with the general administration and implementation of CDBG programs, and particularly cities like Hawaiian Gardens that receive CDBG funds through the Los Angeles County Development Authority (LACDA).

Michael Baker is proposing to provide all the services being requested by the City as identified in the Scope of Services section of the RFP and at costs that fall within the activity delivery fees allowed by the US Department of Housing and Urban Development (HUD) and the LACDA for such services. These services will be provided by a highly qualified team of housing and community development specialists based in our Long Beach office. Most importantly, they have an extensive working knowledge of the processes, procedures, performance expectations, and financial reporting requirements of the LACDA.

Approach

It is our understanding that the City of Hawaiian Gardens is seeking a consultant for the administration and implementation of the City's CDBG programs. The consultant to be assigned to the position must exhibit extensive experience in the implementation and administration of the programs and contract administration. We further understand that the City participates in the Los Angeles Urban County CDBG programs. As such, the City receives its annual allocation of CDBG funds from HUD through the LACDA, which will require experience and knowledge of the processes, procedures, performance expectations, and financial reporting requirements associated with participation in the LACDA administered CDBG programs.

City of Hawaiian Gardens
Proposal For CDBG Administration Services
Page 2

During the 2021–2022 fiscal year, the City will have approximately \$198,544 in CDBG funds available. The City is looking for a consultant who can ensure proper and timely expenditure of these CDBG program funds.

Michael Baker's technical approach to administering the City's annual CDBG grant involves assigning a well-qualified team to provide the services requested by the City. Our designated project manager, Micheal Neal, will report directly to City staff in delivering the desired services. He will serve as the lead person for the general administration of the City's annual CDBG grant and CDBG-CV funds. Shannon Andrews will assist Mr. Neal with the preparation of annual planning documents, the submittal of required financial and performance reports to the LACDA, and the monitoring of CDBG-funded programs.

The qualifications and roles of our team members are further discussed in the proposal's Management and Staffing section.

Mr. Neal will establish schedules for the preparation of work products in concert with City. He will be responsible for ensuring adherence to the established schedules and keeping City staff apprised of the status of the work being performed. He will also inform the City of any problems or obstacles to program implementation as soon as they are encountered. Any work products requiring the City's approval, prior to submittal to the LACDA, will be prepared with adequate time for the City's review and approval.

Our customer service is evident from the outset of each assignment, as we typically attempt to schedule our initial meeting with all pertinent City staff. Another key feature of our commitment to customer service is the development and maintenance of effective ongoing communication with all participants throughout the year. Our staff members can be reached by cellular phone or at our 1-800 number, and all messages will be returned within a 24-hour period, excluding weekends and holidays. Our project manager will provide City staff with monthly reports on the status of all CDBG- and CDBG-CV program activities.

Tasks

The Scope of Services section of the RFP includes a detailed listing of the tasks to be performed in administering and implementing the City's CDBG programs. Michael Baker affirms that it intends to perform all the tasks identified in the following Scope of Services. The fees quoted in the Cost and Pricing section of this proposal are inclusive of all services listed in the Scope of Services noted below:

CDBG ADMINISTRATION AND IMPLEMENTATION

Michael Baker proposes to provide staffing and other resources as required to provide as-needed assistance and guidance to Hawaiian Gardens staff so that staff can complete the following for all approved City CDBG projects:

City of Hawaiian Gardens
Proposal For CDBG Administration Services
Page 3

- Day-to-day management of CDBG Program, including project implementation and financial management (in consultation with the Administration, Community Development and Finance Departments).
- Preparation of the annual CDBG Program budget, including incorporation of project funding recommendations.
- Preparation of reimbursement Funding Requests to LACDA.
- Preparation of all required public notices.
- Preparation and/or oversight of all documents required for implementation of CDBG funded projects, as well as any required amendments thereto.
- Preparation of Quarterly Performance Reports and other reports required as part of the annual administration of the CDBG Program.
- Tracking and reporting compliance with applicable labor standards for CDBG funded construction projects.
- Monitoring CDBG funded activities for compliance with applicable regulations and reporting requirements.
- Preparation of monitoring of CDBG funded activities and assistance in responding to any monitoring finding, including implementation of any necessary corrective actions.
- Provision of technical assistance to City departments and subrecipient agencies with the implementation of CDBG funded projects, as needed.

All other CDBG-related work as directed by City's Director of Community Development. All work items will be carried out in conjunction with City staff direction, input, and review.

MANAGEMENT AND STAFFING

All work will be performed by Michael Baker employees; no subcontractors will be utilized. Our staff is prepared to perform all tasks identified in the City's RFP. Our project team has considerable experience in administering annual CDBG grants and implementing CDBG-funded public service and public works projects. Proposed project team members are listed below.

Albert Warot, Project Director

Mr. Warot will be responsible for corporate oversight of the services provided to the City of Hawaiian Gardens and will serve as Michael Baker's QA/QC officer. He will also be available to provide backup and technical assistance to the project manager, if needed. Mr. Warot's 40-plus years of experience in the planning field in California span every aspect of planning. Much of his career has been spent administering CDBG, HOME, and other state/federal grant-funded projects and programs for cities across California, including oversight of numerous CDBG-funded construction projects. Mr. Warot served as chairman of the former City Advisory Committee for the Los Angeles Urban County CDBG Program, has a long-standing working relationship with the LACDA, and previously served as contract CDBG Program Manager for the City of Hawaiian Gardens for a number of years.

Micheal Neal, Project Manager

Mr. Neal will serve as project manager for the administration and implementation of the City's CDBG programs. He will be responsible for the general administration of the City's annual CDBG grant and the management of the City's CDBG-funded public service and public works projects. He will be the City's primary point of contact for all project activities. Mr. Neal is particularly well qualified to serve in this capacity with over 25 years of experience administering state and federal grant-funded programs. He has administered CDBG grants and/or managed CDBG-funded projects for 18 Southern California cities. Of these cities, 12 are communities that receive their CDBG funds through the LACDA, similar to the City of Hawaiian Gardens.

Shannon Andrews, Grants Specialist

Ms. Andrews will assist Mr. Neal with the day-to-day administration of the City's CDBG programs. She is extremely familiar with the LACDA's reporting requirements and is fully capable of performing labor standards compliance monitoring. She is well qualified to serve in this capacity, having assisted with the administration of CDBG programs for the other LACDA participating cities, including Bell Gardens, Beverly Hills, Calabasas, Hawaiian Gardens, Lawndale, Lomita, Rancho Palos Verdes, Rolling Hills Estates, San Fernando, Signal Hill, and Westlake Village.

Résumés for these team members are contained in **Appendix A** to this proposal.

FIRM EXPERIENCE

Michael Baker's staff is experienced in carrying out a wide range of housing and community development projects using a variety of funding sources. These include local, state, and federal sources such as CDBG, Home Investment Partnerships (HOME), Neighborhood Stabilization Program (NSP) and CalHome grants, tax credits, Successor Agency Housing Trust funds, and tax-exempt bond financing. Michael Baker staff has assisted jurisdictions with procuring and administering state and federal grants for a variety of activities, including housing rehabilitation, first-time homebuyer assistance, commercial revitalization, code enforcement, public facilities, and most relevant to the City of Hawaiian Gardens public services and public works projects.

Based on our long-term involvement in administering housing and community programs, we have developed a thorough understanding of the program requirements of the funding agencies involved and have established sound practices and standard procedures to maintain a high level of accuracy and productivity. We have developed excellent working relationships with the respective funding agencies, including the California Department of Housing and Community Development (HCD), HUD, and the LACDA. Our staff regularly attends workshops and training sessions sponsored by these agencies in order to remain current with the agencies' changing regulations and procedures. Based on their education, career training, and work experience, Michael Baker staff members are extremely well qualified to provide the services being requested by the City of Hawaiian Gardens.
